What Other's Say!

MEG NORTON, Project Management, Senior Producer

Monique was one of our featured speakers at a panel discussion regarding entrepreneurship and building a business. Monique was not only extremely professional, but she was also a highly engaging and knowledgeable speaker. She was able to relate with the audience and give powerful information and tips in her talk with our group. I would recommend her without hesitation.

CAMILLE KERR, Founder of Caribbean Women Society

Monique, is such a dynamic, engaging speaker and sitting in the audience I felt she stood out from the rest. She was funny and real, and her words really resonated with me. It was nice to have a presenter who is able to be herself in front of such a large audience.

LORI HARDER, Personal Growth Events & Courses, and Author

Monique, I knew from the moment I met her that I wanted her speaking at my event. Monique brought amazing energy and had the audience laughing, crying and shifted the whole room with her story and the way she showed up. I am so grateful she said yes.

ANJALI HANDA, Corporate Learning & Training, IPG Mediabrands

Monique, is such a dynamic, engaging speaker and sitting in the audience I felt she stood out from the rest. She was funny and real, and her words really resonated with me. It was nice to have a presenter who is able to be herself in front of such a large audience.
